## SIXTY ARE DEAD IN SNOWSLIDE

Two Monster Avalanches Sweep Down Mountain, Burying Mace and Burke, Idaho.

THIRTY BODIES ARE RECOVERED

Many More Buried Under Debris of Earth and Snow.

THOUSAND RESCUERS AT WORK

Every Available Man in District is Rushed to Scene.

WARNINGS GO UNHEEDED

Old Timers Predicted Catastrophe, but No Preeautions Were Taken by Overconfident Miners-Mine Superintendent is Killed.

SPOKANE, Wash., Feb. 28.-Sixty lives were lost, it is feared, in two great avalanches which swept down upon two min-ing towns of the rich Cocur d'Alene district in northern Idaho.

At 10:35 o'clock last night a snowslide swept down the mountain side, striking the livie town of Mace and burying twentyfive houses and their sleeping occupants in a mass of snow, ice and wreckage at the bottom of the canyon. At 5:30 a. m. another slide rushed down on the town of Burke, crushing a score of houses under thousands of tons of earth and snow.

Fourteen bodies have been recovered already from the ruins of Mace, sixteen have been found at Burke, and how many are still buried can only be guessed at. Fifty or sixty dead is believed to be safe estimate.

There is fear that the number of dead at Burke may be even larger than that at Mace. Every man who can be spared from the rescue work at Mace has been appealed to. Doctors were rushed from Wallace on

special trains. From the foot of Anchor mine plant to the Catholic church, about haif a mile, the slide is thirty feet deep.

Rush for Safe Places. When the alarm spread through the minfor camp that Mace had been almost wiped out by a landslide, mothers, wives and children of miners employed at the Hecla, Hercules, Anchor and caretakers at the old Tiger-Poorman mine began to seek places of safety.

Wives and families of miners who had able to move and these may have been buried in the snow.

the slide struck many of the homes were

been sounding daily warnings to Mace, Burke and Black Bear that because of the record depths of the snow alides were imminent. For sixteen winters these towns have escaped devastating slides and so strong had the confidence of the miner residents been that their homes and fami-Hes were safe that no precautions had been 1, the Same

#### BUDGE FIRST; PEERS NEXT Sheriff Now Out After Packers' Trust Magnates

Capiases Issued for Arrest of Men Indicted by New Jersey Grand Jury.

NEW YORK, Feb. 28.-Caplases for the arrest of the indicted meat packers and summones for the six indicted ment corporations were ordered today by Prosecutor Garven of New Jersey, who will hand them over to Sheriff Kelly for execution. The sheriff will find out who of the indicted men are in his jurisdiction. Mr.

"The defendants know of the indictments, indictments and proceedings will now take purposes, brought to a close. just what I will do after I receive the re-port of the sheriff. The logical thing for cursion along the upper reaches of the fact that a similar advance has not the defendants to do is to come into court and plead, but the attitude of their attorneys does not indicate that they mean

to do that. "Some time this week, I will make application for the dissolution of the charters would stake not only the fortunes of the of the Corporation Trust company and the corporations named in this prosecution if they fall to produce the minutes of their annual meetings and other records as re

quired by the subpoenas." Counsel for James E. Bathgate, ir., one of the New Jersey directors in the meat combine, appeared before Judges Blair and Carey today and bail for \$2,500 was furnisher for his appearance when wanted.

#### Mine Workers to Decide on Strike

Special General Convention Called at Cincinnati March 14 to Act on Agreements.

INDIANAPOLIS, Feb. 28.-A special general convention of the mine workers of North America, to be held in Cincinnat March 14, was called today from the head quarters of the organization in this city. The convention will act upon the conclus lons of the joint conference of the central competitive field, to be held also in Cindinnati on March 8.

The Miners' National convention of Indianapolis resolved that in no district in the country should a new wage contract be made until all the districts were in a position to sign the uniform contract proposed by the miners. Therefore, whether or not there is to be a general strike of bituminous coal miners, rests upon the joint conference and the miners' convention in Cincinnati this month.

### ARRAYS FORCES TO FIGHT RATES

Commercial Club Maps Out Its Plan of Warfare on Railroads Raising Tariffs.

SEND GUILD AND M'VANN TO WAR

Commissions Both Men to Mobilize Their Troops at Once.

ORDERS BIG GUNS TO SAVE TRADE

Views This Attack as Real Menace to City's Commercial Life.

TIME FOR BOLD, UNITED DEFENSE

If Railroads Will Not Listen to Reas son, Then Commercial Club Will Appeal to the Interstate Commerce Commission.

The Commercial club of Omaha has decided to take up the fight against the railroads which propose to raise the rate on dressed over from this city to Chicago and thus discriminate against Omaha in favor of Kansas City. This was decided on at a special meeting of the executive committee Monday, when a line of action was mapped out and the officers of the club authorized to proceed. They were instructed by some stirring resolutions which express the sentiment of the club.

By the first of these resolutions E. J. McVann, traffic manager of the club, was instructed to get busy at once. He was told to arrange for a meeting of the legal and traffic representatives of the shippers, stockmen and live stock interests to decide what means are available from a legal standpoint, or in any other way, to keep the railroads from putting Omaha off the commercial map.

The second resolution instructed J. M. Guild, commissioner of the club, to enlist the support of the commercial clubs of Sloux City, Sloux Falls, as well as other commercial clubs and newspapers of Nebraska and South Dakota and Wyoming and all the country from which Omaha draws live stock.

In the third resolution the club sets forth the great injustice which will fall upon Omaha should the rallroads put the rate into effect and expressed the sentiment that the increase is unfair and inadvisable and unjustly discriminative. The club decided to use its every influence to secure a withdrawal of the increase, and if that failed, to prosecute the case before the Interstate Commerce commission.

Text of Big Resolution. The rank injustice of the move was set

forth in the following resolutions: "Whereas, All of the railroads leading stitution of Washington and led by the eastward from Omaha and South Omaha their lawyers have conferred about the former president, was, for all practical have, by agreement, published and filed schedules advancing the rates on meat their regular course. I cannot say now | Colonel Roosevelt considers that the kill- products from South Omaha to eastern been made from Kansas City, thus signifying their intention to ignore precedent, timehonored custom and plain principles of justice and equity, all of which demand that the two live stock markets, on account of their well known competition in the purchase of live stock in a common territory, and the shipments of the finished product to the same eastern markets, must enjoy equal freight advantages; and,

Whereas, the present adjustment of rates on live stock from the great agricultural section west of Omaha and South Omaha is now generally favorable to the well recognized desire of Hill, Vanderbilt and Moore lines to compel the shipment of all the products of the said country to Chicago, so that they may get the long haul and the most money; and,

Blow at the Home Market. "Whereas, the proposed advance in rates complete specimens of which family are on said meat products from South Omaha now being taken from the country; second, to eastern markets without a correspondthe white rhinoceroses; third, the bongos, ing advance from Chicago and Kansas the first to be stalked and killed by a City to said eastern markets, tends to strengthen the scheme of said railroads and by the same grace weakens to the farmer and stock raisers the value of his home ection, comprising many thousands of market, because shipping live stock means

"Whereas, In recognition of the economic principle of saving this loss by converting the raw material into finished product near the base of supply, there has been created at South Omaha at a cost of many millions of dollars extensive system of plants and equipment, employing thousands of people who form a large part of the population of this community, and through the distribution of their income and by the large expenditure in our midst for supplies, building material, etc., by the live stock industry, and in the benefits that come to every business institution on account of the circulation among us of the proceeds in the sale of live stock; and

Injury to the Farmer. "Whereas, the carrying out of the principle of 'long haul' will force to more agricultural and stock-raising section with which we are so closely ailied, and for which we furnish the natural and logical narket, would result in irreparable injury and inevitably affect the prosperity of the farmer and stock raiser and this community generally so that such a blow aimed at the chief industry of this community

must be fully recognized. "Be it therefore resolved, That this Commercial club does hereby express its sentimine, in which seventy-six miners lost ment that this increase in rates is unfair travelers are on the way to Canada to their lives in the explosion of January 31, and inadvisable and unjustly discriminative, carly today recovered the body of Fidel and that our influence shall be used in every lawful way to attempt to secure the withdrawal of said increase by the said railroads, and falling in this, that we prosecute such complaints before the Interstate Commerce commission and take such proceedings in court as may speedily secure justice to this community and to the farmer and stock raiser, and the reduction of any rates which may be found excessive, as well as the prosecution of any parties responsible for same, if their acts shall have been in any way collusive and contrary

ST. JOE ALSO UNDER THE BAN

Included in Rate Discrimination, Leaving Only Kansas City Free. St. Joseph has been added to the roll of Missouri river cities that must pay higher rates on dressed beaf to Chicago, Kansas City now has a monopoly on the favored tariff that discriminates against Omaha,

Sloux City and St. Joseph. The last bomb in the most rate fight was thrown by the St. Joseph & Grand Island railroad in the announcement that it would raise the rate to correspond with that of the other lines. The Grand Island
